As at LPD, there was no amount due and owing to the Group by the Related Party pursuant to the RRPT, which exceed the credit period. Hence, there was no late payment charges imposed on the Related Party.

1.6 Review and Disclosure Procedures for the RRPT

The Company has implemented the review and disclosure procedures for the RRPT to ensure that the RRPT are conducted on arm's length basis and are based on normal commercial terms consistent with the Company's usual business practices and are on transaction prices and terms that are not more favourable to the Related Parties than those generally available to the public and are not to the detriment of the minority shareholders of the Company.

To monitor the RRPT, the following review and disclosure procedures have been implemented:

-

- (i) the management of Key ASIC will ensure that the RRPT will only be entered into after taking into account the pricing, expertise and other related factors. The transaction prices, which are on negotiated basis, will be determined by market forces, similar to those prices for transactions with unrelated third parties, and references will be made to surveys and/or valuations to be undertaken to gather information on market prices;
- (ii) a register will be maintained by the Company to record all the RRPT and will be made available to the Audit Committee for its quarterly review;
- (iii) wherever possible, at least 2 other contemporaneous transactions with unrelated third parties for similar products/services and /or quantities will be used as comparison, to determine whether the price and terms offered to/by related parties are fair and reasonable and comparable to those offered to/by other unrelated third parties for the same or substantially similar type of products/services and/or quantities.

However, for certain transactions, the terms of the transaction (including pricing) cannot be compared with unrelated third parties as there are no unrelated customers and provider for similar products or services. The terms of these transactions thus, are negotiated on a willing buyer willing seller basis and based on the Group's usual business practices. Nevertheless, the Company will ensure that the RRPT are not detrimental to the Company or Key ASIC Group.

The thresholds for the relevant approving authority in relation to the RRPT are as follows: -

- (i) transactions which are RM207,500 (USD50,000 equivalent based on exchange rate as at LPD) and below in value, will be reviewed and approved by the Financial Controller (not being a person connected to the Related Party) designated by the Audit Committee from time to time for such purpose and tabled for review by the Audit Committee on a quarterly basis;
- (ii) transactions which are above RM207,500 (USD50,000 equivalent based on exchange rate as at LPD) in value will be reviewed and approved by the Audit Committee.

Subsequent to the review and/or approval of all the RRPT, these RRPT will be reported to the Board to ensure that they are properly transacted and monitored.

- (iv) the Audit Committee will undertake a periodic review of the RRPT to ensure that such transactions are undertaken at arm's length, on normal commercial terms, on terms not more favourable to the Related Parties than those generally available to the public and are not, in the Company's opinion, detrimental to the minority shareholders of the Company. In its review and approval of such transactions, the Audit Committee may, as it deems fit, request for additional information pertaining to the transactions from independent sources or professionals; and

- (v) in the case of RRPT where any of the Director has a direct or indirect interest, he shall abstain from all deliberations and voting in respect of the said transaction. Where any members of the Audit Committee are interested in any transactions, that member shall abstain from voting in any matter relating to any decision to be taken by the Audit Committee with respect to such transactions.

1.7 Statement by the Audit Committee

The Audit Committee of the Company has seen and reviewed the procedures mentioned in Section 1.6 above and is of the view that the said procedures are sufficient to ensure that the RRPT are not more favourable to the Related Parties than those generally available to the public and are not to the detriment of the minority shareholders of the Company. Key ASIC Group has in place adequate procedures and processes to monitor, track and identify RRPT in a timely and orderly manner, which procedures and processes are reviewed on a quarterly basis by the Audit Committee. Any member of the Audit Committee who is interested in any RRPT shall not be involved in the review of the said transaction.

Furthermore, the Audit Committee of the Company shall also have the discretion to request for additional procedures to be followed if it considers such a request to be appropriate.

1.8 Disclosure in the Annual Report

Disclosure shall be made in the Company's annual report of the aggregate value of the RRPT during the financial year, stating: -

- (i) the types of the RRPT made; and
- (ii) the names of the Related Parties involved in each type of the RRPT made and their relationships with the Company,

and in the annual reports for the subsequent years that the Proposed Mandate continues to be in force.

1.9 Rationale of the Proposed Mandate

The RRPT are in the ordinary course of business of the Group and are undertaken at arm's length on normal commercial terms and on terms no more favourable to the Related Parties than those generally available to the public. They are likely to occur to some degree of frequency and arise at any time and from time to time.

The Proposed Mandate will enhance the ability of the Group to pursue business opportunities which are time-sensitive in nature and will eliminate the need for Key ASIC to announce and convene separate general meetings on each occasion to seek prior approval of the shareholders of the Company for the RRPT. This will substantially reduce the expenses associated with convening general meetings on an ad hoc basis, improve administrative efficiency considerably and allow resources and time to be channelled towards attaining corporate objectives.

The Group should have access to all available markets, including the Related Parties. The RRPT are intended to meet the business needs of the Group at the best possible terms. By transacting with the Related Parties, the Group would have an advantage of familiarity with the background, financial well-being and management of the Related Parties, thus enabling more informed commercial decisions to be made. In most dealings with the Related Parties, the Group and the Related Parties have a good understanding of each other's business needs and expectations thus providing a platform where all parties can benefit from conducting the RRPT.
